Certification, 2022

## PROFESSIONAL EXPERIENCE

**Frontend Developer/Part Time,**

*Moedith Tech*

2023 – present

- Led the design and implementation of responsive authentication system, ensuring a seamless and user-friendly login experience across various devices.
- Successfully integrated external APIs into front\_end and back-end applications, expanding the functionality and feature set of our web projects.
- Thrive in virtual work environment, actively participating In virtual meetings, utilizing collaboration tools, and maintaining effective communication channels to ensure coordination with team members.

**Frontend Developer/Intern,**

*GlobalTech Institute*

2023

- Led the end-to-end development of websites, employing expertise in HTML, CSS, and JavaScript to create dynamic and responsive user interfaces.
- Crafted visually appealing and user-friendly pages, prioritizing a balance between aesthetics and functionality to optimize the overall user experience.
- Collaborated closely with cross-functional team members, fostering a dynamic and cooperative work environment.

## PROJECTS

**Airport Haven** 🔗

This is a react website developed as the go-to platform for finding hotels around airports worldwide using airport IATA codes e.g JFK.

**Buyin Ecommerce** 🔗

This website was built to redefine the online shopping experience of users easing their experience in product section and carting.

### FlickPulse [↗](#)

Create an account, Log in, and embark on a personalized movie-watching experience on FlickPulse

### Spotify Clone [↗](#)

This is a Spotify clone website that mirrors your Spotify account seamlessly. It gives an enhanced music experience, where you can play, skip forward or backwards, and control the volume of your favourite tracks just like you would on Spotify.
