About me

I am a Front-end developer with extensive expertise in creating outstanding online applications. My goal is to broaden my knowledge and abilities by working in an organization that values and rewards emerging talent.

Experience

Frontend Developer, Part Time

Moedith Tech 2023 - Present

- Led the design and implementation of responsive authentication system, ensuring a seamless and user-friendly login experience across various devices.
- successfully integrated external API's into front-end applications, expanding the functionality and feature set of our web projects.
- Thrive in virtual work environment, actively participating in virtual meetings, utilizing collaboration tools, and maintaining effective communication channels to ensure coordination with team members.

Frontend Developer, Intern

GlobalTech Institute 2023

- Led the end-to-end development of websites, employing expertise in HTML, CSS, and JavaScript to create dynamic and responsive user interfaces.
- Crafted visually appealing and user-friendly pages, prioritizing a balance between aesthetics and functionality to optimize the overall user experience.
- Collaborated closely with cross-functional team members, fostering a dynamic and cooperative work environment.

- Engaged with ongoing communication to align web development goals with broader organizational objectives, contributing to the overall success of web projects.
